

VOLTAIRE

THIS PIECE IS MADE OF PURE
SOLID AMERICAN WALNUT

WHEN THE WRITING DESK IS
CLOSED, IT SEEMS THAT THE
LID IS MAGICALLY "LEVITATING"
IN THE AIR

APART FROM THE COMPARTMENTS
IT HAS INSIDE, IT ALSO HAS TWO
BIG DRAWERS WITH MITER EDGES

WHEN THE TOP SPINS, IT FITS EXACTLY
INTO THE TABLE, GIVING MEANING
TO THE SET OF CURVES AND STRAIGHT
LINES WHICH TRACE THE PROFILE
OF THE WRITING DESK.

THE LITTLE BOXES AND INTERNAL COMPARTMENTS
ARE AT THE SAME TIME A KIND OF GIANT
HINGE THAT ALLOWS MOVEMENT ON THE LID.
